VISION

To provide world class training by true practical approach.

MISSION

- To use well experienced and different Industrial background faculty.
- To use varieties of defective samples in Training class.
- To use simple technical languages make easy to understand.
- To educate the participants of global level NDT requirements.
- To make them conversant with International Codes, Standards and Specifications.

ABOUT US

Pallackki NDT Excellence Centre offers training and certification on five major NDT methods viz., Ultrasonic Testing, Radiographic Testing, Magnetic Particle Testing, Penetrant Testing and Visual Testing.

The training is offered with the syllabus, as recommended by American Society for Non Destructive Testing (ASNT) document ASNT-SNT-TC-1A. The training classes are offered on the written practice framed in accordance with SNT-TC-1A. On successful completion of training and through examination of ASNT Level-I and Level-II, the candidates are certified. The certification bears an international recognition and the candidates are eligible to work on international projects worldwide.

This certificate course fulfills the requirement of ASNT –SNT- TC – 1A, more importantly it is recognize by most of the countries and they have openings for avenues for overseas employment for successful candidates.

TRAINING HIGHLIGHTS

PNEC Training Hall

Our air conditioned classrooms are spacious enough to accommodate more than 25 participants and it is well furnish and with pleasant atmosphere

Our training programs also include video presentations of various NDT methods. Our courses are designed to orient on practical application and related theory to the work environment

Comprehensive practical training on one-on-one basis has made us an outstanding training center among other NDT trainers.

- 50% of Practical training is given as part of course. In addition, candidates are offered free of cost "on the Job Training" to enable them to work as full time NDT professional.
- Classes are conducted by well experienced and the ASNT certified Level IIIs and M.Tech (NDT)s.
- The class room is located in the heart of the Peenya Industrial Area, Bangalore.
- The certificates are valid for 05 years
- Wallet certificate card is Issued for those who are passed in minimum four methods
- Certificate holder's data base is maintained with web enabled system and they can verify the certification validity status at anytime and any where at www.pallakkindt.com.

FACULTY DETAILS

Mr. Shashidhar.P.Pallakki

18 Years of Experience in various NDT methods with all types of Industrial Sectors
ASNT & ISNT Level III Faculty Member
Level III in four methods by two International Bodies of ASNT & ISNT

Mr. JOJAIAH GUNDIGA

M.Tech in NDT from National Institute of Technology, Trichy.
05 year of experience in Advanced NDT Methods

Mr. Santhosh

08 Years of Experience in Aerospace NDT
NAS 410 and ASNT Level III in PT & MT

VISITING FACULTY

Mr.Vijayaraghavan from HAL, Bangalore more than 25 Years of Experience in NDT

Mrs.Vijalakshmi from GTRE (Gas Turbine Research Center) ASNT Level III in UT, RT, MT & PT

Mr.Radhakrishna from BITA, Bangalore (NDT Service Provider)

INFRASTRUCTURE

PALLAKKI NDT EXCELLENCE CENTRE has very spacious air conditioned hall for NDE training and certification programme with ultramodern facility like sound proof, wifi, video projectors for NDE animation.

PALLAKKI NDT EXCELLENCE CENTRE office has 8000 Sq foot built up area to carryout different NDE methods with 5 tons crane facility and very spacious for heavy trucks ,lorries for loading and unloading the materials.

PALLAKKI NDT EXCELLENCE CENTRE has bank of defective flaws to make it easy understanding of varieties of defects during the process.

● ULTRASONIC TESTING

- i. Digital UT Machines – 06 Nos.
- ii. Analog UT Machines-02 Nos.
- iii. Thickness Gauges – 02 Nos.
- iv. Immersion UT facilities.
- v. With all necessary blocks, probes, etc...

● RADIOGRAPHY TESTING

BARC Approved Co-60 Radiography enclosure room.

- i. Gamma Rays Ir-192 Rolli I – 02 Nos.
- ii. X-Ray 250 KV – 01 No.
- iii. Reference Radiographs, safety devices and other accessories.

● MAGNETIC PARTICLE TESTING. (Both Visible & Florescent)

- i. Stationary Equipments for Rolled Bars & Company – 6000 Amps – 1 No.
- ii. Prod Type – 1500 Amps - 1 No.
- iii. Yoke Type – Magnetic – 2 Nos.
- iv. Ketos Ring, BHEL Blocks, Pie-gauges, etc...

● PENETRANT TESTING

- i. By Aerosol Cans for both Type – I & Type – II.
- ii. Tank Type Method system for Method 'A' & Method 'D'
- iii. Artificial defects, Aluminum Blocks and other necessary accessories.

● ELIGIBILITY REQUIREMENTS FOR CERTIFICATIONS

LEVEL	EDUCATION	EXPERIENCE
Level - I	Diploma in Engineering / Degree in Science. 10+2 Passed 10th Standard Passed	Six months One Year Two Year
Level - 2	Diploma in Engineering / Degree in Science Passed Level-I Examination	One year as Level-I or 80 Hrs training. Two Years Assignment as Level-1
